FJK Health System, Inc., as well as JFK Medical Center and JFK Johnson Rehabilitation Institute, are examples of FAP providers. However, in order to be considered FAP eligible, patients must meet certain criteria. These criteria include being a low-income household, having a medical need, and being a resident of New Jersey.

The JFK Medical Center Admissions Office, located at 65 James Street, Edison, NJ 08820, is open during business hours and can be contacted at 732-321-7566. An online application can be found at https://www.jfkmc.org.

For more information, please contact the Center Admissions Office at 65 James Street, Edison, NJ 08820, or by phone at 732-321-7566. The JFK Medical Center is located at 65 James Street, Edison, NJ 08820.

In summary, FAP is a program designed to help low-income families afford medical care. To be eligible, patients must meet specific criteria, and the JFK Medical Center is a provider of FAP services. For more information, please contact the Center Admissions Office at 65 James Street, Edison, NJ 08820, or by phone at 732-321-7566.
