At Hackensack Meridian Riverview Medical Center's Childbirth Center, you can expect the best experience and medical care. Riverview's family-centered environment combined with leading edge technology offers the convenience and personalized service of a small hospital with the expert care of a large university medical center.

The Childbirth Center boasts a team of magnet-recognized nurses and certified lactation consultants to help guide you through the delivery and after. You can also rest easy knowing you have access to a dedicated team of neonatologists for more specialized care. For babies requiring extra care at birth, we offer a state-of-the-art, Level II neonatal intensive care unit, also called the Special Care Nursery.

We encourage and invite you and your loved ones to take a tour of the Center, where you will have a chance to see our fully private rooms overlooking the Navesink River, meet members of your childbirth team, and ask any questions you may have to ensure a smooth arrival.
